

## From Editor's Desk

Dear Readers, Greetings!

After achieving "SCOPUS" indexing status in November 2023, we experience lot of difficulties in scrutinizing and finalizing the articles. In order to maintain the high standards of publication, and ensure the quality, fulfilling the journal publication ethics our peer view editorial team has done a meticulous job. We also sincerely thank all subscribers, supporters, authors, and Junior Residents for utilizing **IJCED** for publishing their high quality original work and constant support. The high indexing status just because of high rates of visitors, down loads and more cited articles are getting published. We express our gratitude and special thanks to all women contributors and readers on "Women's day".

We are just ahead of Lok Saba pols and feel extremely happy to release Volume 10, First Issue (Jan-March 2024) of **IJCED**, almost covered wide range of conditions, up dosed with lots of therapeutic trials. Of course, though it is possible, we still awfully looking forward for a 100% genuine polling in all constituencies, throughout the country. We encourage all the Medical Education Unit faculties, teachers to extend you support by subscribe our journal in Medical College libraries. Hope this year 2024 fulfils the much needed desires, happiness, and healthy life.

Succeeding in all our endeavours and in front of several online journals published throughout the year, become a great challenge. We are looking forward for innovative concepts in successfully curing the difficult to manage dermatoses. Whatever is relevant to dermatology, cosmetology, aesthetics, paediatric and geriatric dermatology can get published. Recent advances in dermatology therapeutics, therapeutic trials are more frequently cited. In **IJCED** you can publish under various categories: Personal view, review articles, original papers, professional papers, preliminary reports, reviews of scientific meeting and book reviews.

Time to congratulate all our reviewers, editorial team and publication section of innovative publications team, who are the real pilots to reach the heights much higher and higher. The tireless efforts in quick processing and faster communication with the authors and reviewers and also bringing out such innovative journal in the field of dermatology and its sub specialities.

Happy reading.
