From Editor's Desk

Dear Readers, Greetings!

As we are moving towards the end of covid-19 pandemic, I immensely thank all the authors, readers who constantly encouraged us by your valuable academic contributions. I thank all the members of Innovative publications editorial and reviewers' team for the tireless work in bring out the articles in time. In this March 2022 issue, there are wide range of interesting articles on dermatophytosis among children, advanced therapeutic options on cutaneous warts, keloids and Laser outcome on melanotic lesions of lips. We appreciate the high quality original research works; and these will be more useful to all the postgraduates.

Our journal really attracted most the dermatology residents, plenty of viewers and most frequent downloads are considered as our success, reflect high quality of this peer reviewed journal. We are really inspired by your original research papers. We invite articles from dermatology, cosmetology, aesthetic surgery, innovative therapeutic approach. I wish all the authors, readers, researchers and reviewers of IJCED for a wonderful online academic feast.

I recommend the teaching institutes to subscribe the paperback print version of IJCED. We are looking forward to work more efficiently and energetically by your periodic comments which are sent to our official mail id. Wish you happy New Year 2022 and happy woman's day to women contributing to this academic world

Happy reading.

Dr. P.K. Kaviarasan

Professor and Head

Department of Dermatology Venereology and Leprosy

Rajah Muthiah Medical College and Hospital
