## From Editor's Desk

Dear Readers, Greetings!

Digital India concepts slowly revolutionizing among the younger generation. Happy to see more research works started focussing on artificial intelligence (AI). Though AI is a boon for medical researchers as they helps in better understanding of difficult to understand concepts, various complex molecular mechanisms of dermatoses. Innovative publication is happy to encourage researchers bring out newer innovative concepts, practical approach in managing life threatening arenas in derm practice. I immensely thank everyone who constantly support our journal and the standard of manuscripts are extraordinary. I congratulate all researchers and authors who bring out extraordinary trials, which save many lives. We thank you all for bringing out more interesting and innovative scientific research articles for this prestigious peer reviewed journal. Wish You all Happy New Year 2023, Happy Shankranti, Happy Holi and hope let this happy beginning continues and happen till the end. Here and there Covid spikes planning to collapse the happiness, Let all of us united together with proper hygiene, face mask in addition to educate and save all from covid waves.

We invite original research activities in the field of dermatology, cosmetology, aesthetic surgery, novel therapeutics with us. We anticipate more research work on paediatric dermatology, geriatric dermatology, dermatosurgery, newer advances in the dermatology therapeutics, evidence based approach in all dermatoses, wide scope is there for all your works. Various categories available for publications: Personal view, review articles, original papers, professional papers, preliminary reports, reviews of scientific meeting and book reviews.

I extend my sincere thanks to the backbone of our IJCED journal innovative publications team, entire editorial board, supporting team, publishers for your tireless job in successfully bring out the online as well as the printed format and also the efficiency in quicker processing and faster communication with the authors and ensuring the quality.

Happy reading.
