

## From Editor's Desk

Dear Readers, Greetings!

We are really proud to announce that our peer reviewed Dermatology Journal, **IP IJEC**D have achieved another milestone "**SCOPUS**" indexing in November 2023. Indeed it was morale booster for all the authors, teachers, post graduates for considering our journal for publishing their high quality original work and high indexing just because of more followers and down loads. Thanks to all the contributors. Hope that all the medical colleges can subscribe for the departments and for central library, Scopus indexed journals are recognised by National Medical Commission. During this year civilians of different countries faced, terror attacks, wars and too many deaths and various natural calamities. Southern districts like Tamil Nadu, Andra Pradesh, Telangana experienced cyclone and floods. Hope that the coming New Year 2024 brings happiness, and healthy life to the mankind.

Online publications become competitive and ever challenging. To minimise the processing all authors are requested to check plagiarism well in advance. Survival fittest become our ultimate goal in every medical specialty. As the skin, our areas of interest of for publications other than dermatology like, cosmetology, aesthetic surgery. Emerging paediatric dermatology, geriatric dermatology, dermato-surgery, newer advances in the dermatology therapeutics need to be addressed. In IJCED you can publish under various categories: Personal view, review articles, original papers, professional papers, preliminary reports, and reviews of scientific meeting and book reviews.

All our reviewers, editorial team and publication section of innovative team are the pillars of this successful peer reviewed journal. Very happy to see the more number of downloads, citations quoting this prestigious journal. I congratulate the innovative publications team for their tireless efforts in quick processing and faster communication with the authors and reviewers and also bringing out such innovative journal in the field of dermatology and its sub specialities. Wish you all Happy New Year.

Happy reading.
